

# Midwest Trail Riders

A Family Oriented ATV Club  
is looking for new members

[www.midwesttrailriders.com](http://www.midwesttrailriders.com)

Midwest Trail Riders ("MTR"), an ATV club based in Corydon, Indiana, is looking for founding members to help get our group off the ground. Please visit our website to join or for more information.

MTR's mission is to aid in the location, creation, preservation, and maintenance of family friendly ATV recreational riding areas and events in the Southern Indiana and Kentucky areas.

What does family friendly mean? Family friendly riding areas and events are those places where families, friends and members can participate together. ATV riding with friends, family or other MTR members are good examples. Couple these with an overnight camping trip, a canoe ride or a hiking trip and you have a fun and family friendly event. This is what MTR is all about. Finding new ways to enjoy ATV'ing.

Some features and benefits of membership and the use of our website include:

- Information on places to ride
- Discussion forums where you can ask questions and talk to other members
- You can plan rides, coordinate rides, join rides or just find someone to ride with. All online
- We maintain links to other useful ATV resources (manufacturers, accessories, reviews, etc...)
- Access ATV classifieds and pricing information
- Site news and email lists keep you informed
- Information on riding area rules, regulations and state registration requirements
- And best of all ... it's completely free

MTR is also looking for new places for its members to ride and a location to establish as the clubs permanent home. Working together we can achieve our goal.

For more information or to join now, please visit our website:
